Gary,

There was an enforcement action done in 1984 (Docket # TSCA 06-1984-0087). Looks like a penalty of \$50 paid. You would need to check out the TSCA Enf File or the Regional Hearing Clerk File for more information. You can send email to R6 Records Center and request TSCA Files.

You and I exchanged emails about this site back on 3/12/2015. Jim Sales had interaction with TCEQ in August 2016 (TCEQ contact: Eleanor Wehner, 512-239-6542; [Eleanor.Wehner@tceq.texas.gov](mailto:Eleanor.Wehner@tceq.texas.gov))

Hope this helps.

**Subject:** Frank J. Doyle Transformer Site

All:

What do you know about this site?

I am looking for enforcement history. The removal program did removal assessments in 1991 and

1995. It showed elevated PCB contamination on and off-site but the facility was still in operations at the time and it appears that the assessments were done in coordination with TSCA. Wanted to find out if anything happened from an enforcement activity.

Thanks
